School Assessment Plan 2023–2024, Grade 3 to Grade 9

At Edmonton Public Schools, we're committed to success, one student at a time. One of the ways we help all students be successful is by always improving the way we assess and evaluate what students learn. We also want to improve how we report back to you about how your child is doing at school.

This guide will help you understand:

- responsibilities of staff, students and parents/guardians.
- how we will tell you about your child's progress and learning.
- how we assign grades/marks to your child.
- how your child is assessed.
- the steps we take if your child's work is missing or not finished.

What is assessment?

In this plan, we use the term assessment to describe the process of determining what students have learned, and how well they have learned it. Assessment is not just about tests and grades.

Assessment means gathering information about what your child knows, understands and is able to do based on the Alberta programs of study (curriculum) or their Individualized Program Plan (IPP). Teachers cannot base grades/marks on your child's behaviour, effort and work habits unless those behaviours are outlined in the Alberta curriculum for a specific subject.

To find out where your child is at in their learning, teachers use many tools. Conversations, observations and student work are just some of the ways teachers determine students' strengths and where they might need extra help. These activities—conversations, observations and the products students create—help teachers shape their lesson plans. They guide *how* they can help every student meet their learning goals. The activities also help inform the teacher's understanding when making decisions about grade level of programming, course recommendations or grades/marks. The collection of observations, conversations and student work allows teachers to give you a clear and accurate picture of your child's progress in school.

How to support your child's learning

As a parent or guardian, you are your child's first teacher. So, understanding how your child is doing in school is important. Read this guide, and contact the school or make an appointment to see your child's teacher or principal if you have any questions.

Supporting Student Success

We all have a role to play in helping your child be successful.

You can support your child's learning by:

- working in partnership with school staff.
- providing a quiet place for your child to study at home.
- staying informed and keeping in touch with school staff. This includes reading newsletters and other school materials.
- going to parent-teacher conferences.

Teachers will help your child succeed by:

- providing programming that's suitable for your child.
- providing many opportunities and different ways for students to show what they know.
- giving students who've missed important assessments and activities the chance to complete the work.
- clearly explaining what's expected of students in all courses and how student work will be graded/graded (i.e., course outline).
- keeping detailed, accurate notes describing your child's successes and challenges.
- communicating with you regularly about your child's progress and achievement.
- providing opportunities for you to be involved in your child's learning.

Students have a responsibility for their own learning and are expected to:

- come to school every day and on time.
- finish their assignments, projects and tasks to the best of their ability.
- participate in activities to celebrate learning.
- show that they're learning.
- take advantage of chances to revise or redo assignments or tests so they can show growth in their knowledge and skills.

Our Communication Plan for Reporting Progress

There are many ways we help you stay informed about your child's learning throughout the year. We encourage you to review your child's reports and attend conferences regularly.

Reporting Periods

Term 1: September 5, 2023 to December 1, 2023

Term 2: December 4, 2024 to March 22, 2024

Term 3: March 25, 2024 to June 26, 2024

Progress Reports Issued

December 1, 2023 - Progress Report

March 22, 2024 - Progress Report

June 26, 2024 - Progress Report

Progress Reports will be uploaded electronically to SchoolZone for all students. Teachers will monitor student/parent access and print out hard copies as necessary.

Conferences

Schools must establish at least two formal parent-teacher conferences per school year.

- September 13, 2023 Meet the teacher evening and in class presentations
- November 2nd, November 6th and November 7th, 2023 Parent conferences and IPP review meetings for elementary and junior high students
- March 14th, 2024 Elementary conferences and IPP review meetings
- March 13th-14th, 2024 Junior High parent conferences and IPP review meetings

Individualized Program Plans (IPPs)

For students who need specialized services and support, the IPP is a working document that is developed within the first two months of the school year. It is a record of your child's progress related to specific goals and strategies. It gives you confirmation that your child's needs are being addressed and provides information about accommodations and supports your child needs to succeed. The IPP is reviewed at least three times a year. We expect you and your child (as appropriate) to provide input into the IPP.

The IPP Parent Input form will be sent home in the second week of September; the IPP will be developed using information from the parental input form. Parental Input Form is also located in SchoolZone under the Reports tab, then click on the IPP Parental Input Form IPP review dates are aligned with Progress issue dates, and will be posted to SchoolZone on the same dates. A hard copy will be provided to parents who do not have access to SchoolZone. Parental signatures will be obtained during the November and March conferences. A signature page will be uploaded to SchoolZone under the Reports tab, by clicking on the IPP signature page. A physical copy can be sent home upon request.

December 1, 2023- Progress & IPP Review #1

March 22, 2024- Progress/IPP Review #2

June 26, 2024-Progress/IPP final review and year end summary

Grades/Marks and Codes

To determine your child's grade/mark at the end of a reporting period, teachers use evidence of what your child has learned and their professional judgment.

At Academy at King Edward School, student grades/marks are reported using descriptors for students in grades 3-6 and as a percentage for students in grades 7-9.

Exemplary—A (80–100%)	Proficient—B (65–79%)	Adequate—C (50–64%)	Limited—D (0–49%)
<i>(Adapted from Alberta programs of study)</i>			
<ul style="list-style-type: none"> Learning goals are met in an astute and comprehensive way. Assignments are well crafted, organized in a purposeful fashion, and demonstrate attention to precise details. Demonstrates an in-depth understanding and degree of skill on summative assessments. Has assembled an in-depth understanding of the concepts, generalizations and skills fundamental to the program. 	<ul style="list-style-type: none"> Learning goals are met in a practical and thorough way. Assignments are complete, organized in a competent fashion, and demonstrate attention to relevant details. Demonstrates a substantial understanding and degree of skill on summative assessments. Has assembled a thorough understanding of the concepts, generalizations and skills fundamental to the program. 	<ul style="list-style-type: none"> Learning goals are met in an appropriate and reasonable way. Assignments are generally complete, organized in an acceptable fashion, and demonstrate attention to predictable details. Demonstrates a satisfactory understanding and degree of skill on summative assessments. Has assembled a basic understanding of the concepts, generalizations and skills fundamental to the program. 	<ul style="list-style-type: none"> Student has demonstrated insufficient performance in relation to learner outcomes.

Grade Level of Programming (GLP)

GLP shows the current grade level at which a student is being taught. This is usually the same grade in which a student is enrolled. GLP appears on each progress report for English and French language arts, math, science and social studies. GLP also appears for language arts in the target language in bilingual programs.

Division-Approved End-of-Term and End-of-Course Codes

On your child's progress report, a teacher may use these Division codes for end-of-term and/or end-of-year grades/marks.

IEA	Insufficient Evidence Available	IEA is used only as an end-of-term code when a teacher does not have enough evidence about a student's progress to give a grade/mark at the end of a term. IEA is not used as a final course code.
NGC	Not on Graded Curriculum	NGC is used only as an end-of-term code when a student, identified as having special education needs, is not on the graded curriculum and is issued a progress report. It is also used when a student in Grade 1 or higher is continuing to work toward learning outcomes in the Kindergarten Program Statement. A student with an end-of-term code of NGC will have a GLP of <1.
CMU	Course Mark Unavailable	CMU may be used only at the end of a course when a student has a code of IEA in at least one term. CMU indicates that a teacher does not have enough evidence over an entire course to give a final grade/mark. CMU may also be used at the end of a course when a student has a code of NGC in at least one term. CMU may also be used as an end-of-term code for courses that are completed at the end of that term (i.e., Junior High option courses).

Division-Approved Codes for use on Individual Student Reports in SchoolZone:

On your child's individual student reports issued before the end of a term, a teacher may use these Division codes.

The following codes provide information about exceptional circumstances regarding the collection of evidence.

OMIT	Omit	Evidence has already been or will be collected to inform professional judgment.
IEA	Insufficient Evidence Available	Sufficient evidence is not yet available.
RNE	Replaced with New Evidence	This evidence has been replaced with more relevant evidence that demonstrates student understanding of the expected learning outcome.

The following codes provide information about evaluation of student achievement and growth.

E	Exemplary	The student has exemplary knowledge, skills and understanding of concepts and is able to transfer understanding independently in new situations. The student may require support to further extend understanding of concepts.
P	Proficient	The student has proficient knowledge, skills and understanding of concepts that can be applied in familiar situations. The student may require occasional support to transfer learning to new situations.
AD	Adequate	The student has adequate knowledge, skills and understanding of concepts. The student requires support and/or further experiences to develop a deeper understanding of concepts and apply learning in familiar and new situations.
L	Limited	The student has limited knowledge, skills and understanding of concepts. The student requires support to develop and apply learning in highly structured situations.
IEA	Insufficient Evidence Available	Sufficient evidence is not yet available to provide an informed judgment of the student's achievement and growth.

How We Determine Student Grades/Marks

At Edmonton Public Schools, we determine grades in a variety of ways.

Formative Assessment

Throughout the year, your child will work on many activities that help them increase what they know, understand and are able to do. These activities show your child's teacher how they are doing, what their strengths are and where they can improve in relation to the Alberta programs of study. This is called formative assessment.

Teachers use this information to adjust their teaching, give your child feedback to help them improve and prepare your child for times when they will receive grades.

Summative Assessment

During the school year, your child will have a chance to show what they have learned in relation to the Alberta programs of study. Using their judgment as professionals, teachers make decisions and determine grades that describe how your child is learning. They base these decisions on what they've seen your child do (observations), discussions they've had with your child (conversations) and the work your child has completed (products).

Missing or Incomplete Student Work

Principals must make sure that teachers communicate with parents/guardians promptly and regularly about missing or incomplete student work. This is outlined in Administrative Regulation [GKB.AR Standards for Evaluation](#), section 4:

4. Principals must work with their teachers to comply with the following:
 - a. evidence of student achievement has been collected by the teacher;
 - b. communication plans for reporting student achievement and growth to parents/guardians are developed and aligned with school-wide assessment and intervention plans;
 - c. a student has been given multiple opportunities and ways to demonstrate his/her learning;
 - d. follow up has occurred to determine the reason when a summative assessment item (assignment, test, project, etc.) is missing or incomplete, and that opportunities for the student to fulfill the requirement of the summative assessment item (assignment, test, project, etc.) are provided;
 - e. if the student continues to be unsuccessful, the student/parents/guardians will be informed and the teacher will solicit a solution in consultation with the student's parents/guardians to hold the student accountable and/or plan for further learning;
 - f. teachers will engage in on-going, timely communication with parents/guardians/students and the principal regarding missing or incomplete work; and
 - g. providing 4. b–f have been followed, the teacher can assign the student a mark of zero for that missed summative assessment item (assignment, test, project, etc.).

When your child has missing or incomplete work, we will: contact parents/guardians to set up a plan for practice completion success. Additionally, some students may be provided with extra small group or one-on-one support.

Course Outlines

At the Academy at King Edward, all students in grades 3-9 are working on individualized program plans. Specific details about the grade level of the curriculum to be covered will be discussed at the September 13th, 2023 Meet the Teacher presentation. Additionally, specific program levels will be outlined in each student's IPP when the student is working outside of the chronological grade

Curriculum Summaries

[Curriculum at a Glance](#) (Alberta Education)

The Role of Homework

Homework is meant to:

- help support your child’s learning
- reinforce what your child learned in school
- give your child more practice

At the Academy at King Edward School, the following expectations have been developed by the staff regarding homework/home practice

1. Setting a regular place and time for practice will help build strong routines for completing homework and home reading. Please discuss this with your child and develop a plan for practice, including a time and location that is agreeable to everybody.
2. Students should read silently or to a parent or adult every day (weekends included). Individual teachers will determine the length of reading time and set expectations. The home reading program is an essential part of every student’s program at the Academy and is the basis of student success in literacy.
3. Every student should be engaged in math fact fluency practice each evening. Every student will be provided with a Math Facts Pro account. Alternatively, if a family does not have internet access, paper copies of math fluency facts will be made available.
4. All practice completion will be checked daily. When special circumstances interfere with practice completion, parents may communicate to the teacher in the agenda book or with a note.

Academic Integrity

Cheating is not acceptable. This includes plagiarism (copying someone else’s work and passing it off as your own), copying, stealing tests or assignments and getting answers for a test or assignment in advance. Cheating also includes giving answers or work to others to claim as their own.

If your child is suspected of plagiarism or cheating, school administration will meet with them and take action in accordance with Administrative Regulation [HG.AR Student Behaviour and Conduct](#).

Grades/Marks Appeal Process

To appeal the grade/mark your child has been given, contact the classroom teacher. If you can’t resolve the appeal with the teacher, the principal will make a decision and explain it to you. The principal’s decision is final. A principal’s authority to do this is set out in the [Education Act](#).

The Role of Large Scale Tests

What is the Canadian Achievement Test (CAT4)?

The **Canadian Achievement Test (CAT4)** measures students' reading comprehension, mathematics, computation and estimation skills. CAT4 will support instruction and planning for interventions and supports. The CAT4 is administered in the fall and again in the spring to provide information about student growth.

Who takes the CAT4?

- students in Grade 4 to Grade 9 in regular and bilingual programs
- students in Grade 4 to Grade 9 in French Immersion

The CAT4 Fall administration dates are September 18, 2023–September 29, 2023.

The CAT4 Spring administration dates are April 29, 2024–May 10, 2024.

What is the Highest Level of Achievement Test (HLAT)?

The **Highest Level of Achievement Test (HLAT)** measures students' writing skills compared with the Alberta curriculum in language arts. It shows teachers in each school how well their students are doing and how they compare to students across the Division.

Who takes the HLAT?

- students in Grade 1 to Grade 9 in English language arts
- students in Grade 2 to Grade 9 in French Immersion and bilingual programs*
- students in Grade 8 and Grade 9 in Late French Immersion

*the bilingual HLAT is called the bilingual writing assessment tool and is specific to certain languages (e.g., Chinese bilingual writing assessment tool, Arabic bilingual writing assessment tool)

The HLAT administration dates for students in English Language Arts are April 15–April 19, 2024.

What are the Literacy and Numeracy Screening Assessments?

Alberta Education mandated Literacy and Numeracy Screening Assessments in the fall for students in Grade 1 to Grade 3. These screening assessments will help teachers identify students in the critical early years who are most in need of additional support. These screening assessments will provide a means to monitor growth over time.

The **Castles and Coltheart 3 (CC3)** assessment is an English word-reading test designed to identify the nature of a student's reading difficulties. The CC3 assesses a student's ability to recall familiar and irregular words, and their ability to sound out non-words that were created specially for this assessment and are meant to be fictitious and without meaning.

The **English Letter Name-Sound (LeNS)** assesses a student's ability to sound out single letters and letter combinations.

The **Provincial Numeracy Screening Assessment** is a collection of tasks designed to help teachers understand their students' underlying knowledge of the number system, basic number operations and proportional reasoning skills.

Who takes the Literacy and Numeracy Screening Assessments?

Students in Grade 3:

- Castles and Coltheart 3 (CC3) - Grade 3
- Provincial Numeracy Screening Assessment - Grade 3

The Literacy and Numeracy Screening Assessment administration dates will take place during the third and fourth week of September 2023.

What are Provincial Achievement Tests?

The **Provincial Achievement Tests (PATs)** measure how well students across Alberta are learning content as described in the programs of study. Average PAT scores for the school are shared publicly to show how Alberta students are doing, compared to provincial standards. Results from PATs help schools, school authorities and the province monitor and improve student learning.

While PATs are an important part of determining student growth and achievement, they are one part of the assessment process.

According to **Alberta Education**:

"PATs are only one of many ways to evaluate student learning and are not meant to replace day-to-day teacher observations and classroom assessment. They are sources of information that must be interpreted, used and communicated within the context of regular and continuous assessment by classroom teachers."

Who takes PATs?

- students in Grade 6 and Grade 9 in English or French language arts, math, science and social studies write PATs

When are PATs administered?

- PATs are typically administered in the spring (PATs may be administered in January for Division schools in a semestered program).
- [Provincial Achievement Tests website](#).
- **Grade 6:** May 15th, June 12th, June 13th, June 14th, June 19th, June 20th
- **Grade 9:** May 13th, June 12th, June 13th, June 18th, June 19th, June 20th

The Alberta government requires school divisions to report the scores from Grades 6 and 9 PATs to parents/guardians. Academy at King Edward will report the results to parents/guardians in the following way: Student results will be shared in each student's Individual Program Plan.

School Assessment Plan (Victoria Site) 2023–2024, Grade 10 to Grade 12

At Edmonton Public Schools, we're committed to success, one student at a time. One of the ways we help all students be successful is by always improving the way we assess and evaluate what students learn. We also want to improve how we report back to you about how your child is doing at school.

This guide will help you understand:

- responsibilities of staff, students and parents/guardians.
- how we will tell you about your child's progress and learning.
- how we assign grades/marks to your child.
- how your child is assessed.
- the steps we take if your child's work is missing or not finished.

What is assessment?

In this plan, we use the term assessment to describe the process of determining what students have learned, and how well they have learned it. Assessment is not just about tests and grades.

Assessment means gathering information about what your child knows, understands and is able to do based on the Alberta programs of study (curriculum) or their Individualized Program Plan (IPP). Teachers cannot base grades/marks on your child's behaviour, effort and work habits unless those behaviours are outlined in the Alberta curriculum for a specific subject.

To find out where your child is at in their learning, teachers use many tools. Conversations, observations and student work are just some of the ways teachers determine students' strengths and where they might need extra help.

These activities—conversations, observations and the products students create—help teachers shape their lesson plans. They guide *how* they can help every student meet their learning goals. The activities also help inform the teacher's understanding when making decisions about grade level of programming, course recommendations or grades/marks. The collection of observations, conversations and student work allows teachers to give you a clear and accurate picture of your child's progress in school.

How to support your child's learning

As a parent or guardian, you are your child's first teacher. So, understanding how your child is doing in school is important. Read this guide, and contact the school or make an appointment to see your child's teacher or principal if you have any questions.

Supporting Student Success

We all have a role to play in helping your child be successful.

You can support your child's learning by:

- working in partnership with school staff.

- providing a quiet place for your child to study at home.
- staying informed and keeping in touch with school staff. This includes reading newsletters and other school materials.
- going to parent-teacher conferences.

Teachers will help your child succeed by:

- providing programming that's suitable for your child.
- providing many opportunities and different ways for students to show what they know.
- giving students who've missed important assessments and activities the chance to complete the work.
- clearly explaining what's expected of students in all courses and how student work will be graded/marked (i.e., course outline).
- keeping detailed, accurate notes describing your child's successes and challenges.
- communicating with you regularly about your child's progress and achievement.
- providing opportunities for you to be involved in your child's learning.

Students have a responsibility for their own learning and are expected to:

- come to school every day and on time.
- finish their assignments, projects and tasks to the best of their ability.
- participate in activities to celebrate learning.
- show that they're learning.
- take advantage of chances to revise or redo assignments or tests so they can show growth in their knowledge and skills.

Our Communication Plan for Reporting Progress

There are many ways we help you stay informed about your child's learning throughout the year. We encourage you to review your child's reports and attend conferences regularly.

Reporting Periods**Grade 10 - 12****Individual Student Reports**

An Individual Student Report will be issued at the mid-point of each course/module. Note that schools may choose to release Individual Student Reports at any time during the school year, but the midpoint Individual Student Reports will be released through Schoolzone during the following time periods:

- Semester 1/Full Year Courses: November 3, 2023
- Full Year Courses: January 30, 2024
- Semester 2/Full Year Courses: April 12, 2024

Progress Reports Issued

January 30, 2024 - Semester 1 course - Final Progress Report
June, 26 2024

- Semester 2 course - Final Progress Report
- Full year course - Final Progress Report

Conferences

Schools must establish at least two formal parent-teacher conferences per school year.

Wednesday, October 18, 2023 and/or Thursday, October 19 2023
Wednesday, March 13, 2024 and/or Thursday, March 14, 2024

Individualized Program Plans (IPPs)

For students who need specialized services and supports, the IPP is a working document that is developed within the first two months of the school year. It is a record of your child's progress related to specific goals and strategies. It gives you confirmation that your child's needs are being addressed and provides information about accommodations and supports your child needs to succeed. The IPP is reviewed at least three times a year. We expect you and your child (as appropriate) to provide input into the IPP.

Initial IPP: created by October 30th, 2023 and uploaded to Schoolzone by October 30th, 2023.

Families are asked to review the IPP and complete the parent signature form through SchoolZone

Review #1: Will be complete and uploaded to Schoolzone by December 1, 2023

Review #2: Will be complete and uploaded to Schoolzone by April 12, 2024

Review #3: Will be complete and uploaded to Schoolzone by June 26, 2024

Year End Recommendations - student/family/teacher IPP meeting (if required) and signature will be completed by June 26, 2024.

All IPPs will be available for families on Schoolzone.

Grades/Marks and Codes

To determine your child's grade/mark at the end of a reporting period, teachers use evidence of what your child has learned and their professional judgment.

Percentages are the only grades/marks used for formal reporting in grades 10 - 12.

Exemplary—A (80–100%)	Proficient—B (65–79%)	Adequate—C (50–64%)	Limited—D (0–49%)
<i>(Adapted from Alberta programs of study)</i>			
<ul style="list-style-type: none"> Learning goals are met in an astute and comprehensive way. Assignments are well crafted, organized in a purposeful fashion, and demonstrate attention to precise details. Demonstrates an in-depth understanding and degree of skill on summative assessments. Has assembled an in-depth understanding of the concepts, generalizations and skills fundamental to the program. 	<ul style="list-style-type: none"> Learning goals are met in a practical and thorough way. Assignments are complete, organized in a competent fashion, and demonstrate attention to relevant details. Demonstrates a substantial understanding and degree of skill on summative assessments. Has assembled a thorough understanding of the concepts, generalizations and skills fundamental to the program. 	<ul style="list-style-type: none"> Learning goals are met in an appropriate and reasonable way. Assignments are generally complete, organized in an acceptable fashion, and demonstrate attention to predictable details. Demonstrates a satisfactory understanding and degree of skill on summative assessments. Has assembled a basic understanding of the concepts, generalizations and skills fundamental to the program. 	<ul style="list-style-type: none"> Student has demonstrated insufficient performance in relation to learner outcomes.

Grade Level of Programming (GLP)

GLP shows the current grade level at which a student is being taught. This is usually the same grade in which a student is enrolled. GLP appears on each progress report for English and French language arts, math, science and social studies. GLP also appears for language arts in the target language in bilingual programs.

Division-Approved End-of-Term and End-of-Course Codes

On your child's progress report, a teacher may use these Division codes for end-of-term and/or end-of-year grades/marks.

IEA	Insufficient Evidence Available	IEA is used only as an end-of-term code when a teacher does not have enough evidence about a student's progress to give a grade/mark at the end of a term. IEA is not used as a final course code.
NGC	Not on Graded Curriculum	NGC is used only as an end-of-term code when a student, identified as having special education needs, is not on the graded curriculum and is issued a progress report. It is also used when a student in Grade 1 or higher is continuing to work toward learning outcomes in the Kindergarten Program Statement. A student with an end-of-term code of NGC will have a GLP of <1.
CMU	Course Mark Unavailable	CMU may be used only at the end of a course when a student has a code of IEA in at least one term. CMU indicates that a teacher does not have enough evidence over an entire course to give a final grade/mark. CMU may also be used at the end of a course when a student has a code of NGC in at least one term. CMU may also be used as an end-of-term code for courses that are completed at the end of that term (i.e., Junior High option courses).

Division-Approved Codes for use on Individual Student Reports in SchoolZone:

On your child's individual student reports issued before the end of a term, a teacher may use these Division codes.

The following codes provide information about exceptional circumstances regarding the collection of evidence.

OMIT	Omit	Evidence has already been or will be collected to inform professional judgment.
IEA	Insufficient Evidence Available	Sufficient evidence is not yet available.
RNE	Replaced with New Evidence	This evidence has been replaced with more relevant evidence that demonstrates student understanding of the expected learning outcome.

The following codes provide information about evaluation of student achievement and growth.

E	Exemplary	The student has exemplary knowledge, skills and understanding of concepts and is able to transfer understanding independently in new situations. The student may require support to further extend understanding of concepts.
----------	-----------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

P	Proficient	The student has proficient knowledge, skills and understanding of concepts that can be applied in familiar situations. The student may require occasional support to transfer learning to new situations.
AD	Adequate	The student has adequate knowledge, skills and understanding of concepts. The student requires support and/or further experiences to develop a deeper understanding of concepts and apply learning in familiar and new situations.
L	Limited	The student has limited knowledge, skills and understanding of concepts. The student requires support to develop and apply learning in highly structured situations.
IEA	Insufficient Evidence Available	Sufficient evidence is not yet available to provide an informed judgment of the student's achievement and growth.

How We Determine Student Grades/Marks

At Edmonton Public Schools, we determine grades in a variety of ways.

Formative Assessment

Throughout the year, your child will work on many activities that help them increase what they know, understand and are able to do. These activities show your child's teacher how they are doing, what their strengths are and where they can improve in relation to the Alberta programs of study. This is called formative assessment.

Teachers use this information to adjust their teaching, give your child feedback to help them improve and prepare your child for times when they will receive grades.

Summative Assessment

During the school year, your child will have a chance to show what they have learned in relation to the Alberta programs of study. Using their judgment as professionals, teachers make decisions and determine grades that describe how your child is learning. They base these decisions on what they've seen your child do (observations), discussions they've had with your child (conversations) and the work your child has completed (products).

Missing or Incomplete Student Work

Principals must make sure that teachers communicate with parents/guardians promptly and regularly about missing or incomplete student work. This is outlined in Administrative Regulation [GKB.AR Standards for Evaluation](#), section 4:

Principals must work with their teachers to comply with the following:

- a. evidence of student achievement has been collected by the teacher;
- b. communication plans for reporting student achievement and growth to parents/guardians are developed and aligned with school-wide assessment and intervention plans;
- c. a student has been given multiple opportunities and ways to demonstrate his/her learning;
- d. follow up has occurred to determine the reason when a summative assessment item (assignment, test, project, etc.) is missing or incomplete, and that opportunities for the student to fulfill the requirement of the summative assessment item (assignment, test, project, etc.) are provided;
- e. if the student continues to be unsuccessful, the student/parents/guardians will be informed and the teacher will solicit a solution in consultation with the student's parents/guardians to hold the student accountable and/or plan for further learning;
- f. teachers will engage in on-going, timely communication with parents/guardians/students and the principal regarding missing or incomplete work; and
- g. providing 4. b–f have been followed, the teacher can assign the student a mark of zero for that missed summative assessment item (assignment, test, project, etc.).

When your child has missing or incomplete work, we will:

- Work with your child to create an action plan that will provide them opportunities to demonstrate curricular outcomes.
- Communicate through email or phone and work with you to support work completion.
- Record missing assignment(s) through Interim Reports.
- Offer additional instructional support for your child as required.

Course Outlines

At Academy at King Edward Victoria site digital copies will be provided via School Zone and Google classroom.

Curriculum Summaries

[Curriculum at a Glance](#) (Alberta Education)

The Role of Homework

Homework is meant to:

- help support your child's learning
- reinforce what your child learned in school
- give your child more practice

At Academy at King Edward (Victoria Site) School our homework beliefs include the following:

- Homework is purposeful and meaningful and has a direct correlation to daily instruction.
- Differentiated assignments enable students to complete homework independently or with minimal support.

Academic Integrity

Cheating is not acceptable. This includes plagiarism (copying someone else's work and passing it off as your own), copying, stealing tests or assignments and getting answers for a test or assignment in advance. Cheating also includes giving answers or work to others to claim as their own.

If your child is suspected of plagiarism or cheating, school administration will meet with them and take action in accordance with Administrative Regulation [HG.AR Student Behaviour and Conduct](#).

Grades/Marks Appeal Process

To appeal the grade/mark your child has been given, contact the classroom teacher. If you can't resolve the appeal with the teacher, the principal will make a decision and explain it to you. The principal's decision is final. A principal's authority to do this is set out in the [Education Act](#).

The Role of Large Scale Tests

What is the Math Intervention/Programming Instrument (MIPI)?

The [Math Intervention/Programming Instrument \(MIPI\)](#) measures students' knowledge of the previous year's math curriculum. It shows teachers how well students understand different math concepts so they can identify appropriate programming for students.

Who takes the MIPI?

- Students in Math 10C

The MIPI administration dates will take place in September 2023.

What is the Grade 12 Diploma Examinations program?

The **Grade 12 Diploma Examinations Program**:

- certifies the level of individual student achievement in selected Grade 12 courses
- helps maintain province-wide standards of achievement
- reports individual and group results

For all 30-level diploma courses, the school mark will be weighted at 70 per cent of the student's final mark, and the diploma examination mark will be weighted at 20 percent of the final mark. To pass a diploma course, a student must earn a final 'blended' mark of at least 50 percent.

More information about the Diploma Examination Program is available online at [Diploma exams](#).

The diploma exam schedule for 2023-2024 can be found at [Diploma exams - overview](#).

School Assessment Plan (McNally Site) 2023–2024, Grade 10 to Grade 12

At Edmonton Public Schools, we're committed to success, one student at a time. One of the ways we help all students be successful is by always improving the way we assess and evaluate what students learn. We also want to improve how we report back to you about how your child is doing at school.

This guide will help you understand:

- responsibilities of staff, students and parents/guardians.
- how we will tell you about your child's progress and learning.
- how we assign grades/marks to your child.
- how your child is assessed.
- the steps we take if your child's work is missing or not finished.

What is assessment?

In this plan, we use the term assessment to describe the process of determining what students have learned, and how well they have learned it. Assessment is not just about tests and grades.

Assessment means gathering information about what your child knows, understands and is able to do based on the Alberta Programs of Study (curriculum) or their Individualized Program Plan (IPP). Teachers cannot base grades/marks on your child's behaviour, effort and work habits unless those behaviours are outlined in the Alberta Programs of Study for a specific subject.

To find out where your child is at in their learning, teachers use many tools. Conversations, observations and student work are just some of the ways teachers determine students' strengths and where they might need extra help. These activities—conversations, observations and the products students create—help teachers shape their lesson plans. They guide *how* they can help every student meet their learning goals. The activities also help inform the teacher's understanding when making decisions about grade level of programming, course recommendations or grades/marks. The collection of observations, conversations and student work allows teachers to give you a clear and accurate picture of your child's progress in school.

How to support your child's learning

As a parent or guardian, you are your child's first teacher. So, understanding how your child is doing in school is important. Read this guide, and contact the school or make an appointment to see your child's teacher or principal if you have any questions.

Supporting Student Success

We all have a role to play in helping your child be successful.

You can support your child's learning by:

- working in partnership with school staff.
- providing a quiet place for your child to study at home.
- staying informed and keeping in touch with school staff. This includes reading newsletters and other school materials going to parent-teacher conferences.

Teachers will help your child succeed by:

- providing programming that's suitable for your child.
- providing many opportunities and different ways for students to show what they know.
- giving students who've missed important assessments and activities the chance to complete the work.
- clearly explaining what's expected of students in all courses and how student work will be graded/marked (i.e., course outline).
- keeping detailed, accurate notes describing your child's successes and challenges.
- communicating with you regularly about your child's progress and achievement.
- providing opportunities for you to be involved in your child's learning.

Students have a responsibility for their own learning and are expected to:

- come to school every day and on time.
- finish their assignments, projects and tasks to the best of their ability.
- participate in activities to celebrate learning.
- show that they're learning.
- take advantage of chances to revise or redo assignments or tests so they can show growth in their knowledge and skills.

Our Communication Plan for Reporting Progress

There are many ways we help you stay informed about your child's learning throughout the year. We encourage you to review your child's reports and attend conferences regularly.

Reporting Periods:

September 5, 2023 - November 8, 2023
 November 9, 2023 - January 30, 2024
 February 1, 2024 - April 12, 2024
 April 15, 2024 - June 28, 2024

Progress Reports Issued

Interim Progress Reports will be shared by the end of each month. Teachers may choose to release additional Individual Student Reports at any time throughout the course.

Formal Progress Reports will be released by January 30, 2023 and June 28, 2024.

An electronic copy of the progress report will be released on SchoolZone on the above dates.

Individual Student Reports

The term *individual student report* refers to the report generated through the use of the Individual Student Report Module in PowerTeacher Pro by teachers at various times throughout the year. This report communicates information about a student's marks/grades for specific assignments and activities.

An Individual Student Report will be issued at the mid-point of each course/module. Note that schools may choose to release Individual Student Reports at any time during the school year, but the midpoint Individual Student Reports will be released through Schoolzone during the following time periods:

- Semester 1: November 1–8, 2023
- Semester 2: April 8–12, 2024
- Full-year courses: end of January

Teachers may choose to release additional Individual Student Reports at any time throughout the course.

Conferences

Schools must establish at least two formal parent teacher conferences per year (one in each school semester).

November 16, 2023
 April 25, 2024

In addition to the formal Parent Teacher Conference, the staff will be doing monthly interim report posts and connecting by phone with parents every other month.

Individualized Program Plans (IPPs)

For students who need specialized services and supports, the IPP is a working document that is developed within the first two months of the school year. It is a record of your child's progress related to specific goals and strategies. It gives you confirmation that your child's needs are being addressed and provides information about accommodations and supports your child needs to succeed. The IPP is reviewed at least three times a year. We expect you and your child (as appropriate) to provide input into the IPP.

IPP planning will begin in September. Each student will work through a collaborative process with teachers and parents/guardians will create a plan which includes strengths, areas for growth, goal setting, strategies for learning and accommodations. A parent/guardian initial input form will be shared in September through SchoolZone. Please continue to check for ongoing SchoolZone messages to keep parents/guardians updated in regards to the IPP and their child's reviews.

The IPP plan will be posted on SchoolZone by October 30th, 2023 . Ongoing support will occur around the IPP as the year progresses and parents/guardians are invited and encouraged to discuss the IPP by Google Meet, email, phone and parent/teacher conferences.

IPP reviews will be posted to SchoolZone on February 6, 2024, April 27, 2024 and June 19, 2024.

The first IPP will be ready for a signature by October 30th, 2023. This year, parents can access the Parent Signature Form through SchoolZone. Parents/guardians must go to the "Forms" tab in SchoolZone, then they select "Individual Program Plan (IPP) signature page". Parents/guardians are welcome to participate in the parent-student-teacher online conferences to discuss the IPP. A year end review is conducted to ensure that supports carry through to the next school year as needed. Schools can view the "signed" signature page through SchoolZone under, "Reports", "Additional Forms", then by clicking on " Individual Program Plan (IPP) signature page".

Grades/Marks and Codes

To determine your child's grade/mark at the end of a reporting period, teachers use evidence of what your child has learned and their professional judgment.

Percentages are the only grades/marks used for formal reporting in Grade 10 to Grade 12.

Exemplary—A (80-100%)	Proficient—B (65-79%)	Adequate—C (50-64%)	Limited—D (0-49%)
<i>(Adapted from Alberta Programs of Study)</i>			
<ul style="list-style-type: none"> ● Learning goals are met in an astute and comprehensive way. ● Assignments are well crafted, organized in a purposeful fashion, and demonstrate attention to precise details. ● Demonstrates an in-depth understanding and degree of skill on summative assessments. ● Has assembled an in-depth understanding of the concepts, generalizations and skills fundamental to the program. 	<ul style="list-style-type: none"> ● Learning goals are met in a practical and thorough way. ● Assignments are complete, organized in a competent fashion, and demonstrate attention to relevant details. ● Demonstrates a substantial understanding and degree of skill on summative assessments. ● Has assembled a thorough understanding of the concepts, generalizations and skills fundamental to the program. 	<ul style="list-style-type: none"> ● Learning goals are met in an appropriate and reasonable way. ● Assignments are generally complete, organized in an acceptable fashion, and demonstrate attention to predictable details. ● Demonstrates a satisfactory understanding and degree of skill on summative assessments. ● Has assembled a basic understanding of the concepts, generalizations and skills fundamental to the program. 	<ul style="list-style-type: none"> ● Student has demonstrated insufficient performance in relation to learner outcomes.

Division-Approved Term and End of Course Codes:

On your child's Progress Report, a teacher may use these Division codes for term or end of course grades/marks.

IEA	Insufficient Evidence Available	IEA is used only as a term mark when a teacher does not have enough evidence about a student's progress to give a mark at the end of a term.
WDR	Withdrawal	WDR is used only as an end of course mark when a student chooses not to complete a course and the school agrees to withdraw the student from the course. WDR may be used for all courses.
INC	Incomplete	Incomplete is used only as an end of course mark when a student does not withdraw from a Career and Technology Studies (CTS) course and does not successfully complete the course with a mark of 50 per cent or more. No mark is submitted to Alberta Education and the course does not appear on the student transcript. INC is used only for CTS courses.

Division-Approved Codes for use on Individual Student Reports

- These reports are issued before the end of term in SchoolZone.
- On your child's individual student reports, a teacher may use these Division codes.

The following codes provide information about exceptional circumstances regarding the collection of evidence.

OMIT	Omit	Evidence has already been or will be collected to inform professional judgment.
IEA	Insufficient Evidence Available	Sufficient evidence is not yet available.
RNE	Replaced with New Evidence	This evidence has been replaced with more relevant evidence that demonstrates student understanding of the expected learning outcome.

The following codes provide information about evaluation of student achievement and growth.

E	Exemplary	Student has exemplary knowledge, skills, and understanding of concepts and is able to transfer understanding independently in new situations. Student may require support to further extend understanding of concepts.
P	Proficient	Student has proficient knowledge, skills, and understanding of concepts that can be applied in familiar situations. Student may require occasional support to transfer learning to new situations.
AD	Adequate	Student has adequate knowledge, skills, and understanding of concepts. Student requires support and/or further experiences to develop a deeper understanding of concepts and apply learning in familiar and new situations.
L	Limited	Student has limited knowledge, skills, and understanding of concepts. Student requires support to develop and apply learning in highly structured situations.
IEA	Insufficient Evidence Available	Sufficient evidence is not yet available to provide an informed judgment of student achievement and growth.

How We Determine Student Grades/Marks

At Edmonton Public Schools, we determine grades/marks in a variety of ways.

Formative Assessment

Throughout the year, your child will work on many activities that help them increase what they know, understand and are able to do. These activities show your child's teacher how they are doing, what their strengths are and where they can improve in relation to the Alberta Programs of Study. This is called formative assessment.

Teachers use this information to adjust their teaching, give your child feedback to help them improve and prepare your child for times when they will receive grades.

Summative Assessment

During the school year, your child will have a chance to show what they have learned in relation to the Alberta Programs of Study. Using their judgment as professionals, teachers make decisions and determine grades that describe how your child is learning. They base these decisions on what they've seen your child do (observations), discussions they've had with your child (conversations) and the work your child has completed (products).

Missing or Incomplete Student Work

Principals must make sure that teachers communicate with parents/guardians promptly and regularly about missing or incomplete student work. This is outlined in Administrative Regulation [GKB.AR Standards for Evaluation](#), section 4:

4. Principals must work with their teachers to comply with the following:
 - a. evidence of student achievement has been collected by the teacher;
 - b. communication plans for reporting student achievement and growth to parents/guardians are developed and aligned with school-wide assessment and intervention plans;
 - c. a student has been given multiple opportunities and ways to demonstrate his/her learning;
 - d. follow up has occurred to determine the reason when a summative assessment item (assignment, test, project, etc.) is missing or incomplete, and that opportunities for the student to fulfill the requirement of the summative assessment item (assignment, test, project, etc.) are provided;
 - e. if the student continues to be unsuccessful, the student/parents/guardians will be informed and the teacher will solicit a solution in consultation with the student's parents/guardians to hold the student accountable and/or plan for further learning;
 - f. teachers will engage in on-going, timely communication with parents/guardians/students and the principal regarding missing or incomplete work; and providing 4. b–f have been followed, the teacher can assign the student a mark of zero for that missed summative assessment item (assignment, test, project, etc.).

When your child has missing or incomplete work, the Division code of IEA (Insufficient Evidence Available) will be applied in a teacher's grade book and will be used to alert parents/guardians of missing assignments. We will use a variety of strategies to support students in completing curricular objectives. These strategies include:

- contact between the teacher and student
- contact with the parents/guardians
- peer tutoring

- instructional and missed assessment support
- targeted tutorials
- alternate assessment

Curriculum Summaries

[Curriculum at a Glance](#) (Alberta Education)

The Role of Homework

Homework is meant to:

- help support your child's learning.
- reinforce what your child learned in school.
- give your child more practice.

At Academy at King Edward (McNally site), our homework is intended to support course work such as reading background information, reviewing learned material, researching and preparing for summative assessments.

Academic Integrity

Cheating is not acceptable. This includes plagiarism (copying someone else's work and passing it off as your own), copying, stealing tests or assignments and getting answers for a test or assignment in advance. Cheating also includes giving answers or work to others to claim as their own.

If your child is suspected of plagiarism or cheating, school administration will meet with them and take action in accordance with Administrative Regulation [HG.AR Student Behaviour and Conduct](#).

Grades/Marks Appeal Process

To appeal the grade/mark your child has been given, contact the classroom teacher. If you can't resolve the appeal with the teacher, the principal will make a decision and explain it to you. The principal's decision is final. A principal's authority to do this is set out in the [Education Act](#).

In early July, there will be a day to contact the school to appeal June final marks. When this date is set, we will communicate it to you.

The Role of Large Scale Tests

What is the Grade 12 Diploma Examinations program?

The **Grade 12 Diploma Examinations Program**:

- certifies the level of individual student achievement in selected Grade 12 courses
- helps maintain province-wide standards of achievement
- reports individual and group results

For all 30-level diploma courses, the school mark will be weighted at 70 per cent of the student's final mark, and the diploma examination mark will be weighted at 30 per cent of the final mark. To pass a diploma course, a student must earn a final 'blended' mark of at least 50 per cent.

More information about the Diploma Examination Program is available online at [Diploma exams](#).

The diploma exam schedule for 2023-2024 can be found at [Diploma exams - overview](#).
