## Our Commitment to High Quality Learning Environments

At Edmonton Public Schools, we are deeply committed to the success and well-being of our students. Each student deserves a welcoming, inclusive, safe and healthy learning environment that supports their learning, respects diversity and nurtures a sense of belonging.

As a Division, we have established clear behaviour expectations for all students, from Kindergarten to Grade 12. The expectations are outlined in the Board's [Student Behaviour and Conduct Policy](#) which was developed in consultation with students, parents, staff and community members. The policy outlines the rights and responsibilities of students and our expectations for student conduct, and the potential responses when students demonstrate unacceptable behaviour.

The role of parents and families in their child's education plays a vital role in promoting positive student behaviour. Partnerships with families continue to make a difference for our students and staff. By working together, we will ensure our students learn the importance of good character and conduct, and our schools will remain safe and secure places to learn and thrive.

Trisha Estabrooks  
Board Chair

## Student Success and Safety—Our Highest Priorities

It is our shared responsibility to ensure that each student can learn and realize their potential within a safe and caring learning environment. In addition to teaching the necessary learning outcomes, our schools are places where students can develop the character and skills needed to become responsible, respectful, compassionate and successful citizens.

School staff use the *Education Act*, S.A. 2012, c.E-03, Board Policy [HG.BP—Student Behaviour and Conduct](#) and Administrative Regulation [HG.AR—Student Behaviour and Conduct](#) as the basis for creating this **Student Rights and Responsibilities** document. This document is designed to communicate expectations, and balances the overarching rights and responsibilities that are communicated in our policy with the unique context of each school. The expectations and processes outlined in this document are implemented by principals in collaboration with school staff, parents and local communities.

Ensuring each student can thrive in a safe, productive and welcoming learning environment is essential to our work in improving student achievement and high school completion rates. By working together to promote positive attitudes and responsible, respectful behaviour in our schools, we believe students will receive the greatest benefit during their educational journey.

Darrel Robertson  
Superintendent of Schools

# Student Behaviour Expectations

To ensure that Highlands School is a positive learning environment for everyone, all students are expected to comply with expectations set by our school Division and mandated by the *Education Act*, as well as school rules which are in place for the benefit of all members of our school community. These expectations apply to all students in the school community, including while learning and engaging with others both in-person and online.

Board Policy [HG.BP – Student Behaviour and Conduct](#) and Administrative Regulation [HG.AR – Student Behaviour and Conduct](#) outline that students are expected to behave in accordance with section 31 of the *Education Act* which states that, a student, as a partner in education, has the responsibility to:

- attend school regularly and punctually,
- be ready to learn and actively engage in and diligently pursue the student’s education,
- ensure the student’s conduct contributes to a welcoming, caring, respectful and safe learning, environment that respects diversity and fosters a sense of belonging,
- respect the rights of others in the school,

## Regular Attendance – It’s the Law

Regular attendance is strongly linked to student academic success and a student’s sense of belonging at school. The *Education Act* reminds parents and students that students are expected to attend school and be punctual every day. Students are only considered to be excused from attending school if they must be away due to:

- sickness or other unavoidable cause
- the day being recognized as a religious holiday by the religious denomination that the child belongs to
- suspension or expulsion
- an exemption from compulsory attendance granted by the Board for a defined period of time

**Expectations for Student Attire**

At Edmonton Public Schools, students are expected to dress in a manner that reflects a welcoming, respectful, inclusive, safe and healthy learning environment. School expectations for student attire take into account a student's right to fairness, dignity and respect, and will not discriminate against students based on race, gender, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, socio-economic status, or body type. Some examples of this are durags, turbans, hijabs and burkas.

Student safety and wellbeing are our highest priorities. Students are also expected to refrain from wearing, carrying, or displaying any clothing or accessories which pose a safety hazard. Students are not permitted to wear lanyards around their neck.

**Student Responsibilities in Relation to Public Health**

The Division's first priority is always to ensure the health and wellbeing of students and staff. Students are expected to abide by protocols and expectations that are established at the school, Division, or provincial level for K-12 education, in relation to public health.

These expectations will be communicated to students, parents, and staff by the school administration in a timely manner, and may be updated over the course of the school year in relation to a public health concern as advised by Alberta Health Services.

## Responsible and Ethical Use of Technology

Our Division is committed to assisting students to become ethical, informed digital citizens. We strive to ensure that appropriate and responsible technology use supports high quality teaching and learning, while also ensuring a respectful, inclusive, and safe learning and working environment.

Technology refers to any computer, software, network, or internet access on any electronic device, including those owned by the student or the Division. Division technology is intended for educational purposes and cannot be used for purposes that are illegal, unethical, disrespectful, hateful, inappropriate, or that cause harm.

Students are accountable for their behaviour when using technology, including when a student's online behaviour outside of the school building or beyond the school day impacts others in the school community. A range of responses as outlined in [HG.BP – Student Behaviour and Conduct](#) and [HG.AR – Student Behaviour and Conduct](#), including loss of technology privileges, may be put in place to address unacceptable use of technology.

**As digital citizens, students have the following responsibilities:**

- **Demonstrate respect and integrity**
  - understand that expectations for conduct and academic integrity while online, including when using personal devices and outside of school hours, are consistent with school and Division expectations (for example, students should only join online classes in which they are enrolled)
  - use good judgment and participate appropriately in online environments such as meetings, chats, and other applications, and when posting or sharing digital content
  - communicate in a manner that is appropriate, respectful and inclusive at all times
- **Be safe and secure**
  - protect passwords and personal information of self and others including photos, name, age, address and other contact information
  - students must ensure they log in only to their assigned EPSB account, and log off devices and meetings when finished
  - obtain permission before downloading files, including games, music, and movies
  - report, and refrain from searching, viewing, downloading, or sharing, any illegal or inappropriate content

  - obtain consent before photographing, recording, or sharing a photo or recording of another person
- **Respect and protect property**
  - demonstrate proper care and security of personal and Division technology
  - understand that students are responsible for the care and security of personal devices brought to school

**In addition to the Division expectations outlined above, students at Highlands School are expected to:**

Review and sign a separate, more comprehensive Responsible Use of Technology Agreement. Students and parents/guardians are welcome to ask questions about the document before signing.

## Unacceptable Behaviour

Any behaviour, whether or not it occurs on school property, or within the school day, which disrupts the educational atmosphere of the school or which interferes with the rights of others to learn, to be respected or to feel safe is unacceptable.

As outlined in Board Policy [HG.BP – Student Behaviour and Conduct](#) and Administrative Regulation [HG.AR – Student Behaviour and Conduct](#) and supported by the *Education Act*, unacceptable behaviour includes, but is not limited to:

- behaviours that interfere with the learning of others and/or the school environment
- behaviours that create unsafe conditions
- acts of bullying, harassment, threats, or intimidations whether it be in person, indirectly, or by electronic means
- physical violence
- retribution against any person who has intervened to prevent or report bullying or any other incident or safety concern
- possession, use, or distribution of substances restricted by federal, provincial, municipal, Division or school authorities
- any illegal activity such as:
  - possession, use, or distribution of illegal substances
  - possession of a weapon or use of a weapon (or replica) to threaten, intimidate or harm others
  - possession, use, display, or distribution of offensive messages, videos or images
  - theft or possession of stolen property
- any breach of rules and expectations established by Division administrative regulations or a school-based code of conduct
- failure to comply with *Education Act*, section 31 regarding student responsibilities

### **Bullying and Conflict**

Bullying is defined in the *Education Act* as repeated and hostile or demeaning behaviour by an individual in the school community where the behaviour is intended to cause harm, fear or distress to one or more other individuals in the school community, including psychological harm or harm to an individual's reputation. Bullying also includes the distribution of an intimate image of another person knowing that the person depicted in the image did not consent to the distribution, or being reckless as to whether or not that person consented to the distribution.

**Bullying** can take different forms:

- physical (e.g., pushing, hitting)
- verbal (e.g., name-calling, threats)
- social (e.g., exclusion, rumours)
- electronic (e.g., using technology to harass or threaten)

**Conflict** occurs when there is a breakdown in relationships between individuals that results from a disagreement or misunderstanding. While conflicts may require adult intervention, they are considered to be a natural part of how students learn to navigate relationships.

All students are expected to refrain from, report and not tolerate bullying or bullying behaviour directed toward others in the school, whether or not it occurs within the school building, during the school day or by electronic means. Students are also expected to resolve conflict or seek assistance to resolve conflict in a peaceful, safe, and non-threatening manner that is conducive to learning and growth. School staff can help address conflict between students using strategies that may include counselling, mediation, consequences and/or forms of restorative practice.

## **School Responses to Unacceptable Behaviour**

Our Division acknowledges the importance of responsive discipline which involves a continuum of interventions that aim to build a sense of community in schools, facilitate healthy relationships, support behavioural changes, repair harm, and hold students accountable.

Edmonton Public Schools' Board Policy [HG.BP – Student Behaviour and Conduct](#) and Administrative Regulation [HG.AR – Student Behaviour and Conduct](#) outline the following:

Unacceptable behaviour may be grounds for disciplinary action which provides the student with an opportunity for critical learning and reflection in the areas of personal accountability and responsibility, the development of empathy, as well as communication, conflict resolution, and social skills development.

The specific circumstances of the situation and of the student are taken into account when determining appropriate responses to unacceptable behaviour.

When a student engages in unacceptable behaviour, consequences and responses may include, but are not limited to:

- temporary assignment of a student to an alternate supervised area within the school
- temporary assignment of a student to an alternate learning location
- short term removal of privileges
- interventions such as positive behaviour supports, contracts, counselling, restorative practices
- replacement or reimbursement for loss of, or damage to property
- in-school or out-of-school suspension
- referral to Attendance Board
- recommendation for expulsion

At Highlands School, we are committed to ensuring that our school is a safe and productive learning environment. Where necessary, interventions or disciplinary action may be used to address unacceptable behaviour by students. We approach student behaviour and conduct in a way that supports positive student behaviour and personal development by managing discipline through proactive, responsive, and restorative strategies.

These strategies include, but are not limited to:

- conversation in the context of the classroom, that usually involve the classroom teacher or other classroom staff
- where appropriate, restorative conversations between students will be facilitated by staff
- in more serious concerns that involve safety, or repeated concerns, administrative staff (e.g. principal, assistant principal, etc.) may be included for restorative conversations or meetings · responses to student behaviours, including consequences or interventions, will take into account a student's age, maturity and individual circumstances
- the responses to behaviour of one student will not be discussed with a parent/family member of another child
- where appropriate, parents/guardians are included in the process of conversation and consequence, and will be informed of consequences and interventions for their child, with the understanding that school administration is responsible for final decisions
- age appropriate responses to unacceptable behaviour may include: recess spent walking outside with an adult, time spent working on academic tasks at the office area or in another classroom, in-school or out-of-school suspension
- processes are in place for documenting student reflection pages, as well as log entries, letters of suspension and formal communication with parents
- recommendation for expulsion

Our goal is to support students to become positive, productive citizens within and outside of our school walls. Although staff focus on encouraging and celebrating the positive, there are times when students will make choices that are inappropriate or unsafe. When this happens, we will work with students, parents and families to respond to unacceptable behaviour in a way that helps students to learn from their mistakes, and to help all students continue to feel safe and respected at Highlands School.

Edmonton Public Schools is helping to shape the future in every one of our classrooms. We're focused on ensuring each student learns to their full potential and develops the ability, passion and imagination to pursue their dreams and contribute to their community.
